From: Sicily
Birthday: 7/17/2007
Mother: Housewife
Father: Lawyer
Siblings: 1 Brother
English: Eleven years
French: Three years
Academic interests: Anatomy
Other interests: Piano, Guitar, Gymnastics

Aurora is a 16-year-old girl from Caltanissetta, Sicily. She has a great love for music and sports, spending much time playing piano and practicing gymnastics. She is very involved with the Italian Red Cross because of her desire to help others. Aurora is studying Health Biotechnology which is a field that she is deeply passionate about. She is interested in pursuing a career in this field or in Genetic Engineering.

Aurora is very close with her family. She has a younger brother and cousin who she is very grateful for. At home she helps her mother with chores and always strives to support her family.

Her teachers describe Aurora as generous, altruistic, collaborative, tenacious and respectful. She actively participates in class activities and collaborates in a positive way both individually and within groups. Aurora is able to show her skills as a leader, along with being motivated and organized. She can initially seem shy, but in time will become an integral part of the class. She has shown great leadership and taken on the role of class President with perfection.

Aurora is grateful to have the opportunity to study in the US. She is excited to meet her new host family and make new friends. She is looking forward to an experience where she can learn and grow.
